

EXECUTIVE OFFICE OF THE PRESIDENT
OFFICE OF SCIENCE AND TECHNOLOGY
WASHINGTON, D.C. 20506

A-1075

July 24, 1972

Dear John:

Although it didn't happen on your watch, I wanted to express my appreciation in an institutional way for the help the Strategic Military Panel has had from Charlie Cook, John Toomay and before the latter Rod Middleton. Charlie has been especially diligent in making sure that the material that has come to the Panel has been of a quality and substance that we need and I appreciate that very much.

Perhaps when we crank up again in the fall we can have you come over as we have other of your fellow deputies to talk to the Panel about your view of the world. In the meantime, best of luck in your new job.

Sincerely,

Jack
John Martin

Keep up the good work!
S.B.W.
